

# PROCESS ELECTRO-PNEUMATIC CONTROL COMPONENTS & SYSTEMS

Sitecna srl Via G. Di Vittorio, 22 20068 Peschiera Borromeo MILAN - ITALY

Tel.: +39 (02) 547 5482 +39 (02) 547 3182 Fax.: +39 (02)55303713 e-mail: info@sitecna.eu

## FORTY YEARS OF EXPERIENCE IN THE DESIGN, MANUFACTURE & SALES OF HIGH QUALITY PRODUCTS AND SOLUTIONS. 100% MADE IN ITALY

### Sitecna since 1983

Established in 1983 as a commercial company, Sitecna has developed a very technical and high level experience in fluid control. Thanks to a very experienced team of engineers, 25 years ago we started to design and develop an innovative range of pneumatic products to satisfy the needs of operations critical for temperature, aggressive environments and classified areas.

Today, at our headquarter located near Milan, in northern Italy, we design, build and sell components and systems for chemical, petrochemical, energy and glass sector, offering our range of pneumatic equipments for the most demanding applications.

# Flexible products for every application

Sitecna's products are the standard for non-standard specifications. Our know how in components and engineered systems stems from years of problem facing and solving for the most critical sectors.

Our innovative approach is strongly linked to market developments and quickly renews to meet always more strict requisitions. We carefully listen to our customers to improve efficiency and reliability of equipment and operations.

Products have high level of customization.

### **Quality first**

Total quality concept is our basic strategy, influencing every single choice and providing a solid base for our actual and future growth.

Our commitment towards continuous improvements of our quality management is fully certified.

## CHOOSE WHAT YOU NEED

Filters, pressure regulators, filter regulators Balanced spool valves Back pressure valves Pneumatic switch valves Volume boosters Lock-up valves Flow regulators Quick exhaust valves Positioners Switchboxes Pneumatic valves Solenoid valves AISI316 Hexagon ball valves Safety valves Instrumentation fittings

Pressure gauges, silencers & dust excluders

## DISCOVER SITECNA'S RANGE

#### FILTER/PRESSURE REGULATORS

- Copper free aluminum alloy or Stainless steel 316L complete construction
- 1/4", 3/8", 1/2", 3/4", 1", 1 1/2" and 2"NPT
- Standard seals & diaphragm available in NBR, EPDM, FVQM, FKM, LT HNBR
- Standard filtering elements available coalescing type or 3, 5, 25 and 40 micron
- Temperature range from -55°C to 90°C
- Manual o automatic condensate drain
- Relieving or Non relieving versions
- Max inlet pressure up to 30bar
- Full material traceability
- EN10204 3,1, ATEX, SIL3, IP66 and EAC TR CU certified range
- Italian production, 100% Tested

#### BALANCED SPOOL VALVES

- Copper free aluminum alloy or Stainless steel 316L complete construction
- Standard Sizes 1/4", 3/8", 1/2", 3/4", 1"NPT
- Three (3/2) or five (5/2) ways
- Standard seals in NBR/FKM/HNBR
- High flow features, DN8mm (1/4"), 12mm (3/8", 1/2", 3/4" LF) or DN16 (3/4") DN21 (1")
- Pneumatic acting od mechanical acting
- Choice of standard or special acting
- Max working pressure to 12bar
- Full material traceability
- EN10204 3,1, ATEX, SIL 3 and EAC TR CU
- talian production, 100% Tested

### DISCOVER SITECNA'S RANGE

#### **VOLUME BOOSTERS**

- Copper free aluminum alloy or Stainless steel 316L complete construction
- Sizes from 1/4"NPT till 1"NPT
- Standard seals & diaphragm available in NBR, EPDM, FVQM, FKM, LT HNBR
- Threaded exhaust port available
- Temperature range from -55°C to +90°C
- Accurate adjustment and high flow capacity
- Excellent stability and repeatibility
- Max working pressure 10BAR
- Integral by-pass valve
- Full material traceability
- EN10204 3,1, ATEX, SIL3, IP66 and EAC TR CU
- Italian production, 100% Tested

## QUICK EXHAUST VALVES & FLOW REGULATORS

- Copper free aluminum alloy or Stainless
  steel 316L complete construction
- Standard Sizes 1/4", 3/8", 1/2", 3/4", 1"NPT
- Standard seals in NBR, FKM, EPDM, FVMQ, LT HNBR, PU, Silicone
- Max working pressure to 12bar
- Full material traceability
- Certifications to EN10204 3,1, ATEX, EAC
- Certification to SIL3 (only for quick exhaust)
- Italian production, 100% Tested

#### LOCK-UP VALVES

- Copper free aluminum alloy or Stainless steel 316L complete construction
- 1/4", 3/8", 1/2"NPT, 3/4", 1"NPT
- Standard seals & diaphragm available in NBR, EPDM, FVQM, FKM, LT HNBR
- Single or double locking possibility
- Accurate adjustment and high flow capacity
- Excellent stability and repeatibility
- Max set pressure 7BAR
- Temperature range from -55°C to +90°C
- Full material traceability
- EN10204 3,1, ATEX and EAC TR CU
- Italian production
- 100% Tested

## BACK PRESSURE & SWITCH VALVES

- Stainless steel 316L complete construction
- Standard Sizes 1/4"
- Standard seals & diaphragm available in NBR, EPDM, FVQM, FKM, LT HNBR
- Temperature range from -55°C to +90°C
- Full material traceability
- Certifications to EN10204 3, ATEX, EAC
- Certification to SIL3 (only for switch valves)
- Italian production
- 100% Tested

**Pressure gauges:** Sitecna offers a wide range of pressure gauges. Our Bourdon pressure gauges can have a full stainless steel 316 construction or SS304 case and nickel plated brass connection. Diameter 40, 50 and 60 are available as well as 1/4" or 1/8"NPT size gauge connection. Scales are differents. Sitecna's pressure gauges can be supplied Atex certified.

We can also offer many other types of gauges with more approval and certification.

Silencers: we can supply high-flow, bug screen and flush silencers from 1/8"NPT till 1"NPT, in stainless steel 316L and other materials suitable for corrosive environment. Silencers are Atex and TR CUcertified.

**Dust Excluders:** offer effective protection of exhaust ports against dirt, dust, moisture, insects granting a large flow capacity (no obstruction of the flow). From 1/8" to 1"NPT, they can be combined with silcencers. SS316L construction, suitablility for corrosive environments, Atex and TR CU certified.

#### **POSITIONERS & SWITCH BOXES**

With a broad product package and an experience of over thirty years, PMV offers positioners for almost every application.

Digital Positioners, such as D3 - digital positioner with communication, or compact D20/D22

Electro Pneumatic & pneumatic Positioners, modular & flexible.

PMV offers a wide range of switchboxes, easy to mount, provided with a large selection of switching and dome indicator/flat cover.

XCL/XML Explosion proof switchboxes

PS/PM Engineered resin switchboxes

WS/WM Compact low profile switchboxes DS/DM Compact Ultraswitch switchboxes

#### INSTRUMENTATION FITTINGS

#### Tube Fittings

- OD Compression fittings (Ringlok & Uni-lok Twin Ferrule, Duoloc Single Ferrule)
- Gas Release Flaps
- Flange fittings (connectors, kidney flanges)

#### Stainless Steel Pipe Fittings

- Hose components and unions
- Plugs, bushes and seals
- High pressure precision pipe fittings
- Weld fittings, low pressure fittings

#### PTFE Fittings

#### UHP Fittings

#### PNEUMATIC & SOLENOID VALVES

## ALKON SS316 - 3-ways & 4-ways solenoid spool valves

- A variety of standard AC or DC voltage options
- Operates effectively in lubricated or not systems
- Solenoid assembly reliable it's guaranteed
- Explosion proof NEMA approved operators
- single or double pilot
- PTFE loaded Viton seals (milions of trouble-free cycles)

## HLR 900-5 - SS316 Solenoid operated

- Solenoid Internal Pilot Supply assisted
- Three Way Normally Closed
- Solenoid Operated
- Spring Return
- Two position

#### AISI316 HEXAGONAL BALL VALVES

- Sitecna's ball valves features:
- AISI 316L construction
- Working pressure up to 1000psi (70bar)
- Working Temperature -30°up to 200°C
- 2/2 ON/OFF function
- 1/4" (Dn 5mm) 1/2" (Dn 9mm) sizes
- Compact size
- Low torque quarter turn actuation
- Bi-directional flow
- Anti blow-out spindle
- Standard NPT female threads

### SAFETY VALVES

#### Atmospheric discharge safety relief valves

Seetru can offer BSP, BSPT or NPT threaded atmospheric discharge valves with PED (CE), ASME (UV & NB), CRN and EAC approval.

#### Change-over valves

Typically used where plant shutdown is impossible or undesirable. With changeover valves it is possible to switch over between parallel safety valves without interrupting operation, so that maintenance work can be carried out on each safety valve in turn.

#### Enclosed discharge safety relief valves

Seetru can offer BSP, BSPT or NPT threaded or DIN or ANSI Flanged enclosed discharge valves with PED (CE), ASME (UV & NB), CRN and EAC approval. Set pressures up to 500 bar depending on the type. Temperatures down to -196°C.

#### Liquid level gauges

We also manufacture liquid level gauges, primarily of two types; tubular glass gauges and magnetic float by-pass gauges. Available with threaded, welde+d or flanged process connections.

## **OUR PARTNERS**

Manufacturer of atmospheric or enclosed discharge safety relief valves, changeover valves, liquid level gauges

# **ALKON**

Manufacturer of fittings, flow regulators & electro-pneumatic valves

SIGMAHLR

Manufacturer of controller units, manual

relays, pressure sensors, hydraulic &

**P** 

Manufacturer of digital positioners, analog

positioners and switchboxes

quick exhaust valves

Manufacturer of instrumentation fittings, ball, needle, check, relief valves

Manufacturer of instrumentation heaters & thermostats for hazardous locations

Manufacturer of instrumentation fittings, ball, needle, check, diaphragm, bellows, manifold valves

## 🕄 Imperial DP SYSTEMS

Manufacturer of plastic tubing, valves & instrumentation solutions
